## **American Elevator Growing Again**

Atlanta, GA – American Elevator is proud to announce our new location in Seneca, SC. David Ownbey formerly of Carolina Elevator will be rejoining our company effective immediately.

David was a part of the early success of American Elevator when we started in 1997. He began as an elevator installer and eventually became a sales representative after five years in the field. In the spring of 2004 David relocated with his family to South Carolina to form Carolina Elevator.

After six years of building his new operation David and American Elevator have joined forces. His focus will be expanding the market in Northeast Georgia, Western North Carolina and the Northern part of South Carolina as an Account Manager. David is excited about the opportunity, and will be based out of the American Elevator office in Seneca, SC.

### **About American Elevator**

American Elevator is the Southeast's leading provider of residential and light commercial elevators and dumb waiters, stairway chair lifts, vertical and inclined platform lifts throughout Georgia, South Carolina, North Carolina and Alabama.

The company designs and installs home elevator solutions in single family homes and townhome communities, throughout the Southeast, covering Atlanta, Birmingham, Chattanooga, Columbus, Greenville, SC, Macon, Athens, Augusta, Lake Hartwell, Lake Keowee and more. American Elevator's expertise includes hoistway and cab design to installation and service. Our installation and service staffs, based in metro Atlanta are Certified Elevator Technicians, (CET). All installations follow a focused project management plan designed around our customers' needs.
